

Step-by-Step Kiosk User Guide

Step 1 - Load Media

Visit any Wal-Mart Photo kiosk location.

Insert your media card or disk.

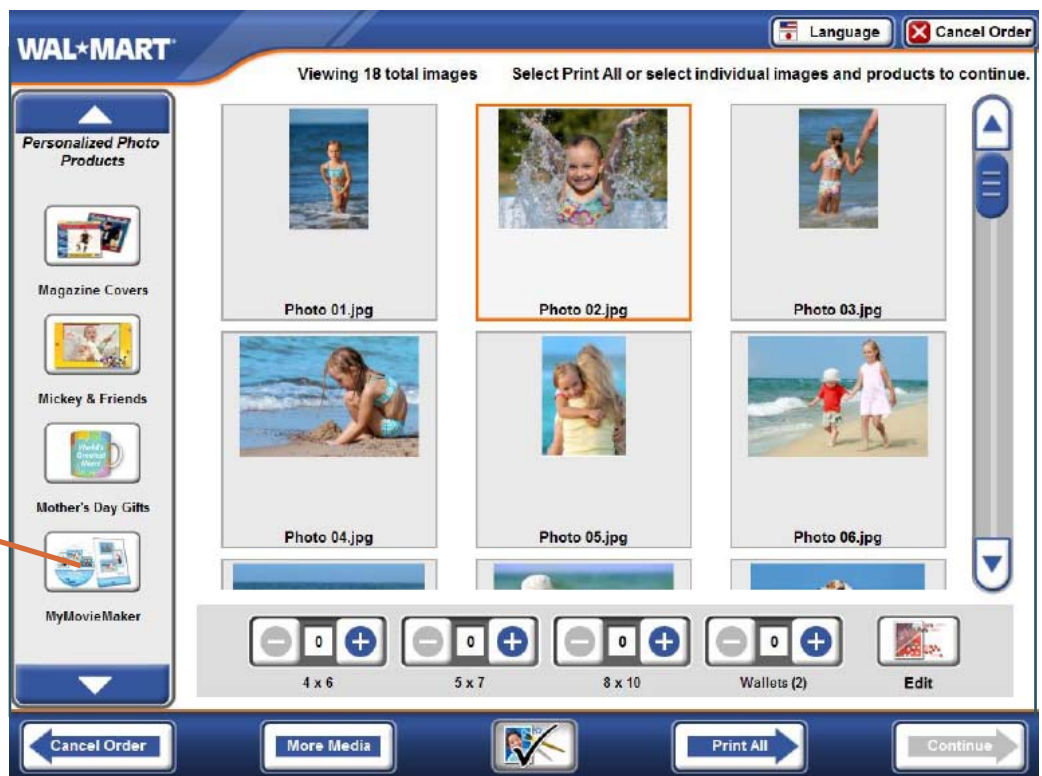

Touch "Prints ready in Days"

Step 2 - Open myMovieMaker

Touch one of your photos.

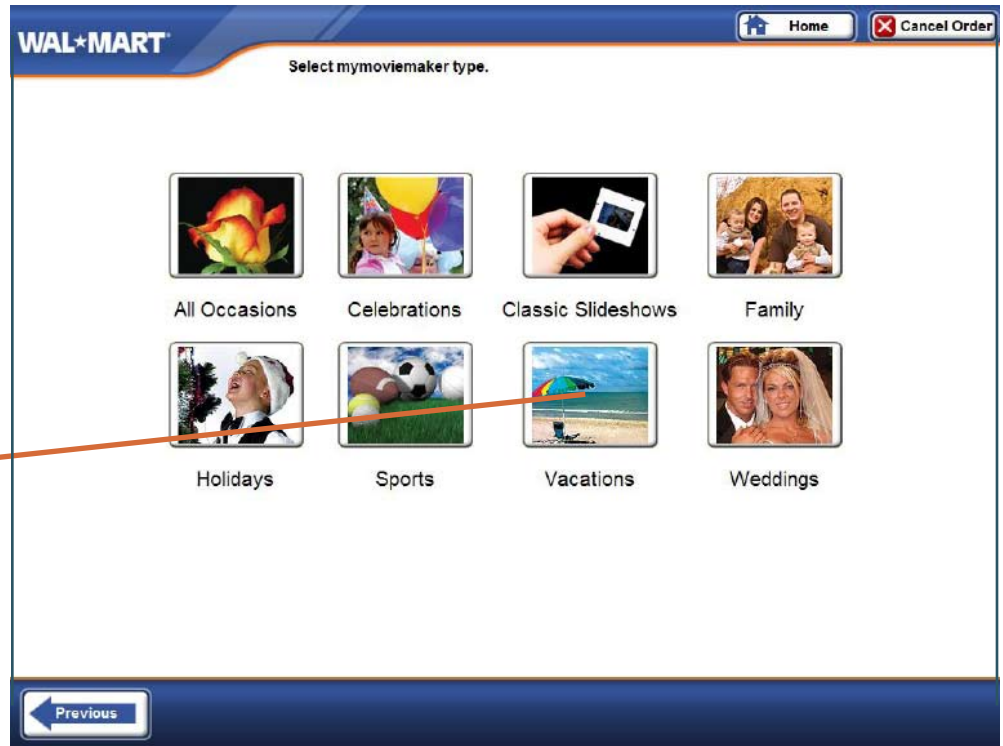

Touch the myMovieMaker icon on the left.

Step 3 - Select a Storyboard Theme

Touch the Occasion that matches your pictures.

Then **touch** an appropriate storyboard theme for your photos. There is a Gold and Silver version of each storyboard.

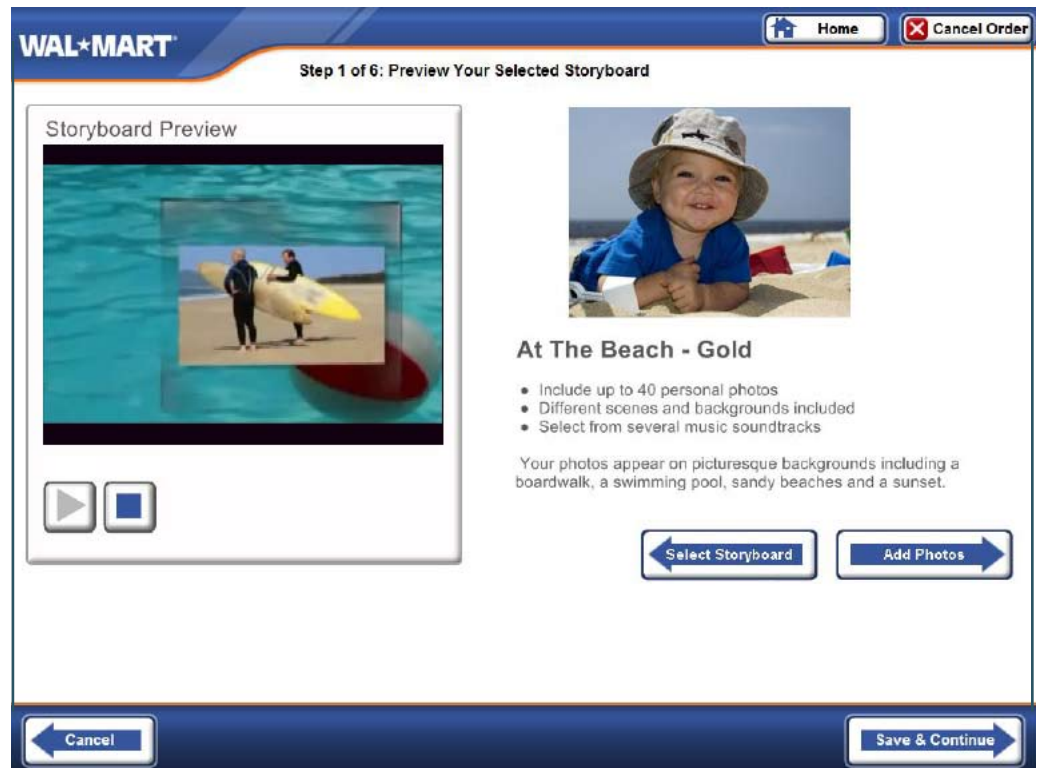

Step 4 - Preview the Storyboard

Preview your selected storyboard theme.

Touch  to accept the storyboard you selected them.

Touch  to go back and select another storyboard theme.

Step 5 - Add Your Photos

Touch your photos at the bottom in the order you wish them to play in your movie.

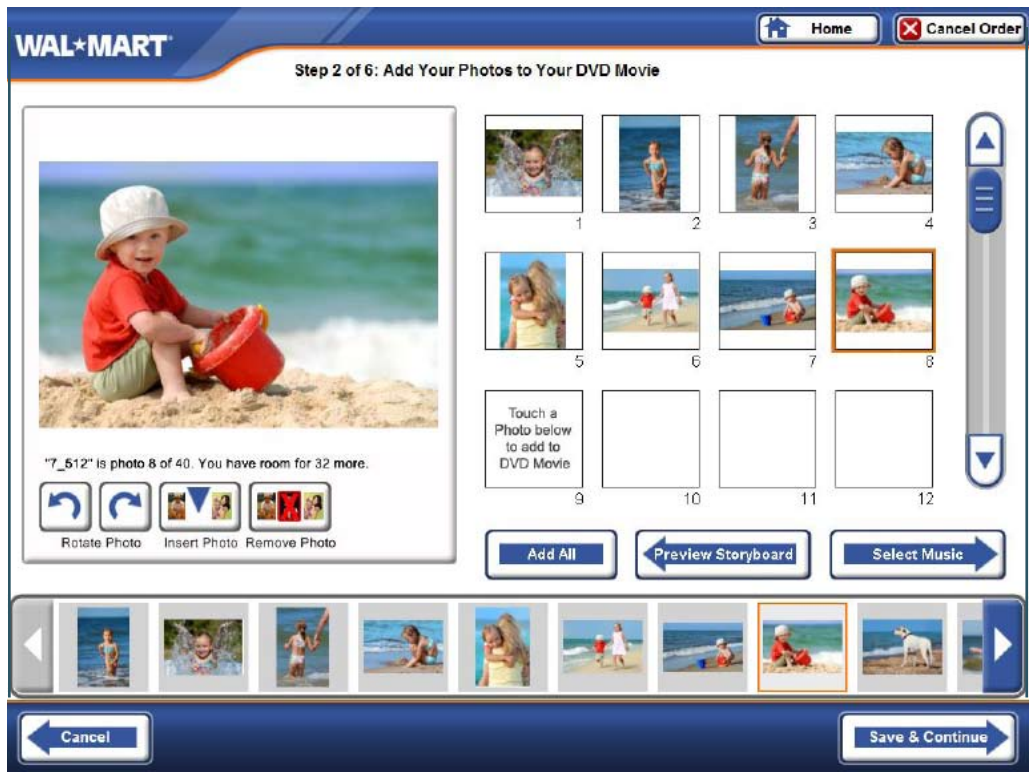

Selected photos will have an orange border around them.

Remember to rotate, insert and remove photos using the DVD photo editor on the left of the screen.

Touch 

NOTE: You may select fewer photos than the storyboard's capacity, However:

- each movie has an opening scene that requires a minimum of about 20 photos. Filling your movie with the maximum photos will prevent photos repeating when a scene requires more photos than you have provided.

Step 6 - Select Music

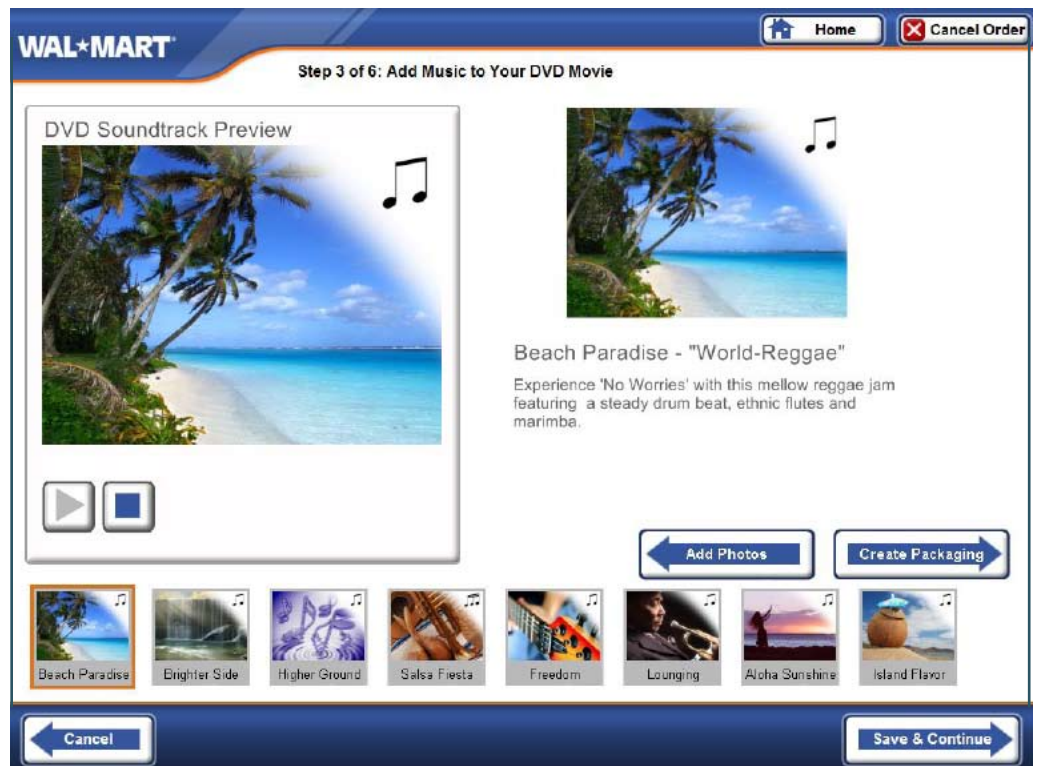

Touch a soundtrack at the bottom of the screen.

Use the DVD Soundtrack Preview screen to listen to it.

The music notations on the soundtracks indicate increasingly faster-paced music.

Touch  when you are pleased with your soundtrack selection.

NOTE: This step is not seen unless you have chosen a Gold storyboard theme.

Step 7 - Create Packaging

Touch a photo at the bottom for each of the 3 positions on your DVD label and cover.
